

ICOI's Research and Education Foundation (IDREF)

Accepting Grant Applications for Research or Education in Implant Dentistry

- **Objective:** To encourage individuals, who, through basic research or educational initiatives in the field of implant dentistry, contribute to the advancement of the profession and the oral health of the world community.
- **Award and Recognition:** IDREF will make seed grants of \$25,000 in 2018. Awardees will be announced at an ICOI symposium and published in ICOI's World News.
- **Sponsorship:** These awards are funded through IDREF and are made possible by the generosity of the worldwide members of the ICOI, corporate contributors and grateful patients.
- **Grant Application Procedure:** Awardees are selected, after a blind review of submitted applications, by an independent Scientific Advisory Board.
- **Award Date:** IDREF awards for 2017 will be made by March 1, 2018.

To see the total scope of IDREF activities over the years, please visit our website at www.icoi.org.
